

Reminder to ALL STEWARDS

Just a reminder to all Stewards to make sure all grievances and grievance appeals are submitted to the secretaries at Local office in time to have them filed formally and time limits protected. These time limits may vary with different contracts so please consult your labor agreement if you are unsure of the time limits to formally file a grievance or appeal one to the next step of the grievance procedure. If you still have questions, please contact the Local office for assistance.

Your attention to this matter is appreciated
